

# Snow Removal Referrals

## 2019

The following individuals are interested in performing snow removal. Some will shovel as a volunteer service and others will ask for a fee. It is up to the resident and the person shoveling to work out a fee, time, date, and location. We are simply providing the referrals to help them to make their sidewalks and walkways safe. Please give persons needing a referral at least 3 contacts. If you or someone you know would like to be on the snow removal list, please contact Community Services at 732-819-0052. Thank you!
