**SUBJECT:** Early Warning System

---

On December 5<sup>th</sup>, 2023, I ordered an audit of our Early Warning System, Guardian Tracking, which included an assessment of our records and the tracking system in place to ensure that we are implementing the system consistent with HPPD Directive #41 - Early Warning System and MCPO Directive # 70, Early Warning Systems (EW Systems).

Upon completion of this review, I report that we are in compliance. If you have any questions or require additional information, please contact me.
